# What is maveo pro?

Designed with dealers and service technicians in mind. maveo pro enables you to manage, organize and remotely diagnose all GDOs at all times from anywhere with one single simple interface.

The maveo pro ecosystem includes:

## **maveo pro features:**

- + Connected GDOs
- + Monitoring of all GDOs at all times from anywhere
- + Less time on the road for service technicians
- + Reduced downtime of GDOs
- + Improved communication

We are proud to introduce maveo pro: a service platform enabling a fast and direct information exchange between home/garage owners and dealers/service technicians.

#JoinUpWithMaveo

# Why maveo pro?

---

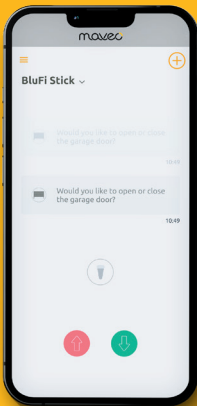

maveo pro is the direct link for dealers and service technicians to owner's garage door openers.

## Benefits for Dealers/Service Technicians

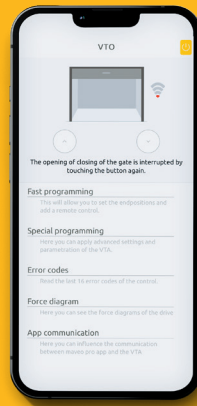

- ⊕ View all connected operators in one single, simple interface.
- ⊕ Access all machine data and error analysis at all times from anywhere.
- ⊕ Organize by location, operator or service contract.
- ⊕ Schedule service operations and connect with home/garage owners.
- ⊕ Communicate and interact with home/garage owners.

The maveo pro dashboard provides convenient insights into connected GDO's so you can identify potential failures before they occur.

Insert the plug n' play maveo Bluefi stick to the operator and connect your door in seconds via the maveo app.

maveo pro enables instant, wireless configuration of the door opener with the maveo pro app.

# How it works

## **Connect.**

Connecting the maveo BlueFi stick to the operator is a simple plug n play action.

## **Configure.**

Configuring and setting up the operator is instant with the maveo pro app.

## **Service.**

Servicing of operators is enabled at anytime from anywhere with the maveo pro dashboard.

*The maveo App and maveo pro App are available on the App Store and Google Play Store.*
